

REMARKS AND RESPONSE

The Applicant has supplied a terminal disclaimer along with this communication pursuant to 37 CFR §1.321(c). The rejection of claims 1-14 under the judicially created doctrine of obviousness-type double patenting is therefore moot.

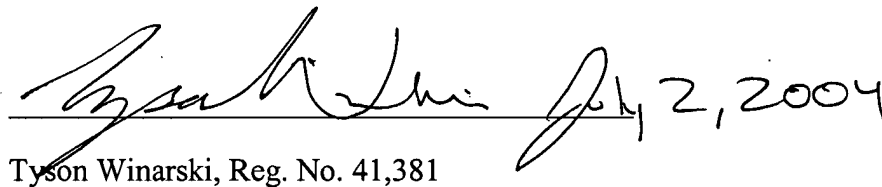

The Applicant has canceled claims 15-20 for convenience without prejudice and without intent to narrow or otherwise limit the literal or equivalent scope of any claim herein. The rejection of claims 15, 17, and 18 under 35 U.S.C. § 102 is therefore moot. The Applicant has added new claims 21 to 26. Also, the Applicant has amended Claims 1, 4, and 8 to *inter alia*, correct typographical errors and to clarify antecedent basis. These amendments are not believed to narrow or otherwise limit the literal or equivalent scope of the claims.

CONCLUSION

The Applicant respectfully submits that the present application is now placed in a condition for allowance and requests the issuance of a notice of allowance.

If the Examiner believes that a telephone conference would be of value, she is invited to contact the Applicant's Representative, Tyson Winarski, in regards to this paper at (602) 257-5298.

Respectfully Submitted,
